

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

1. (currently amended) A substantially non-aqueous liquid shampoo composition comprising at least one detergent, at least one active agent incompatible with water, an organic bulking agent and shampoo excipients, said organic bulking agent being miscible with water and miscible with said at least one detergent **wherein the water content is less than 20% by weight of said composition.**

2. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 20% by weight of said composition.

3. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 50% by weight of said composition.

4. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is selected so as not to affect foam formation of said composition.

5. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is selected from the group consisting of polyethylene glycol and propylene glycol.

6. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is polyethylene glycol of a molecular weight of 200-800.

7. (canceled)

8. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said at least one active agent is a pharmaceutical ingredient.

9. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 8 wherein the pharmaceutical ingredient is clotrimazole or ketoconazole.

10. (previously presented) A method of topically treating a dermal infection or condition comprising the step of applying a substantially non-aqueous liquid shampoo composition as claimed in claim 1 to the skin or hair of a patient in need of such treatment.

11. (canceled)

12. (previously presented) A method of topically treating a dermal infection or condition as claimed in claim 10, wherein said composition contains an antifungal agent.

13. (previously presented) A method of topically treating a dermal infection or condition as claimed in claim 12, wherein said antifungal agent is clotrimazole.

14. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 6, wherein said polyethylene glycol is PEG 400.

15. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein the water content is less than 15% by weight of said composition.

16. (currently amended) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein said **at least one** detergent is selected from the group consisting of an alkyl sulphate, an alkyl ether sulphate, **and** a sulphosuccinate, ~~and mixtures thereof~~.

17. (canceled)
